OVERDRIVE/LIBBY
GETTING STARTED AND HELP SHEET

FOR: APPLE, ANDROID, CHROMEBOOK, KOBO AND WINDOWS-BASED DEVICES AND E-READERS

STEP 1: DOWNLOADING OVERDRIVE LIBBY APP

- The free Libby App from OverDrive is the easiest way to get started with digital books and audiobooks from public libraries. Libby is available for Android, iOS, Windows 10 and Chromebooks. Go to App Store (Apple iOS devices) or Google Play Store (Android devices) and download Libby App by OverDrive.
- Search for Welland when prompted to enter library. Select Ontario Library Service Consortium. Select Welland Public Library and enter Library Card Number and then Library PIN. Select Sign In and then select Next.
- On the Libby App select Library on the bottom left side of the App to search and explore eBooks and Audiobooks. Select Shelf on the bottom right hand side of the Libby App to go to your Book Shelf. From here you can view your Loans, Holds and Tags (Wish List). Select the Search icon at the top of the Libby App to begin searching for eBooks and Audiobooks.

STEP 2: SEARCHING & BORROWING TITLES

- Users can begin searching by selecting the Search icon at the top of the Libby App. From this search box users can enter an author or title. More Options will bring up search options/limiters. Selecting Availability will allow users to limit search to only titles that are Available Now. Under Format users can select eBooks or Audiobooks. From the search results screen select the Borrow link next to the title cover. If the title is currently checked out select Place Hold.
- Borrowed titles appear under Shelf and then Loans and download automatically when connected to WIFI. You can read them offline.

SEPT 3: START READING OR LISTENING

- You can enjoy many titles immediately online or download them for offline use. Select Shelf on the Libby App and then Loans. Tap the eBook title cover and begin reading. Swipe to move through pages. The Libby App will remember the page you last stopped reading. To change reading options tap center of book page and the select three setting bars on the upper right hand side. Select Reading Settings to adjust font size and light settings.
- For Audiobooks users can select the download icon next to the title to download title onto device. This will allow for offline playing of Audiobooks.
- To return item early select Manage Loan link next to title cover. Select Return Early to return the item from your account. Users are allowed up to 10 loans.

STEP 4: MANAGING HOLDS

- Select Holds from Shelf. Next to the title cover of hold item select Manage Hold. From here users can Suspend Hold or Cancel Hold. At the top of the App select Actions to Manage Hold Notices or Suspend All Holds. Users can have up to 10 holds.

NEWER KOBO E-READERS

- With a Kobo Forma, Aura ONE, Aura H2O Edition 2, Aura Edition 2, or Clara HD, you can borrow and read eBooks directly on the device. These e-readers work differently than older Kobo devices or e-readers from other manufacturers.

USING EBOOKS ON OLDER KOBO DEVICES AND EREADERS – (KOBO, KOBO TOUCH, KOBO GLO, KOBO MINI, KOBO AURA

REQUIRED SOFTWARE & AUTHORIZATION

- Before you can download library eBooks, install Adobe Digital Editions (ADE) software on your computer. Go to the OverDrive Ontario Library Service Consortium (odmc.overdrive.com) and select Help link at the top of the page. From the Help page select the link Devices and then Kobo. Under Older Kobo eReaders select Getting Started link and then select Adobe Digital Editions link. Download ADE.
- Open ADE. You will be prompted to create an Adobe ID and authorize your computer. Follow the links and instructions provided. You will need to create an account or you will not be able to transfer OverDrive eBooks from your computer to your eReader. To make sure your computer has been authorized open ADE and select Help from the menu up top. Select Authorization Information from the Help menu. If your computer has been authorized it will indicate that it has been with your email listed. If not you can enter your Adobe ID here.
- With ADE open, connect the Kobo eReader to your computer via the USB cable and port. Your eReader will then be authorized.

LOGIN TO YOUR ACCOUNT

1. From the OverDrive Ontario Library Service Consortium page select the Sign In link.
2. Enter Welland into search box and select Welland Public Library.
3. Enter your library card number and PIN and select Sign In.

SEARCHING & DOWNLOADING TITLES

- From the OverDrive Ontario Library Service Consortium page select the Search Icon at the top of the page and enter a title or author you are interested.   From the Search Results Page you can browse the retrieved titles. Each title cover is marked with either a Book Icon (eBook) or Headphone Icon (Audiobook). Titles that are currently available for download will say Available. Checked out items by other library users will say Wait List. You can filter your search by selecting limiters along the left-hand side of the page. Two popular filters to limit your search include eBook and Available Now. This will limit results to titles that are eBooks and currently available.
- When you have found a title you want select the title and then the Borrow link. Select My Account and then Loans.
- Select Download link next to title cover to download eBook. The title will automatically open in ADE.

TRANSFERRING TO YOUR KOBO EREADER

1. Connect your Kobo eReader to your computer via USB cable and port. On you Kobo screen select the option Connect to Computer or Manage Library.
2. In ADE, click on the Library arrow (top left corner of the screen). Titles you have downloaded are listed on the right. The Kobo eReader will be listed as Kobo eReader in the left hand side of the ADE window in Bookshelves.
3. Drag and drop the title you want to transfer onto the eReader name (KoboeReader) listed along the left hand side in Bookshelves. You will see the file copy to the Kobo eReader with a small green plus sign. The title is now transferred to the device. Eject the Kobo eReader and it will process the new file for reading.
